Honorable Wayne Morris
Senator from Oregon
Washington D.C.

Dear Senator Morris:

Last night, Mrs. McNair and I were our for the evening in a group with four other couples. The attached article was discussed at length.

It seems to us, if the contents of this article are true, it is certainly worth someone looking in to and exposing it to the people even more than what this short article does.

Why should such a man be hired by the Warren Commission for this position or I might say, why should such a man be on the Government payroll?

Thanks for the fine work you have done for Oregon as well as for the people at large.

Sincerely yours,

Hugh McNair
